

# Applying the shadow layer of The Mumbai Sticker Font

1. Type your text with “The Mumbai Sticker Regular” font selected.

2. Duplicate or copy & paste in back the same text then switch to “Shadow Outline” instance of the font. Give it a different color.

3. To enable final forms/alternates at the endings of words, select the last letter of the word and choose from the dropdown or from the list of the “Glyphs” window.
